

**Dear Friends of the La Salle International Foundation,**

First, a word of gratitude to all those who support La Salle International Foundation in its mission to respond to young people's educational and humanitarian needs. Your generosity makes it possible to foster hope in those we often encounter on the peripheries of our societies. As we journey with the Lasallian family to become the haven for a more fraternal world, the work of the La Salle International Foundation makes this possible in concrete ways.

As you review the annual report, I hope you will find that La Salle International Foundation continues in its commitment to ensure the responsible stewardship of resources and its mission to support the global educational, health, and human service network of the De La Salle Brothers. I also invite you to join us as a personal ambassador for La Salle International Foundation and invite others to support LSIF as a source of hope for our world today.

With gratitude,

**Brother Chris Patiño, FSC**  
Chair, Board of Directors

## **BOARD OF DIRECTORS**

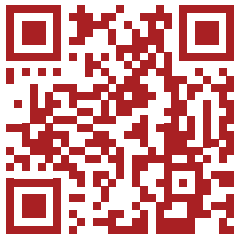

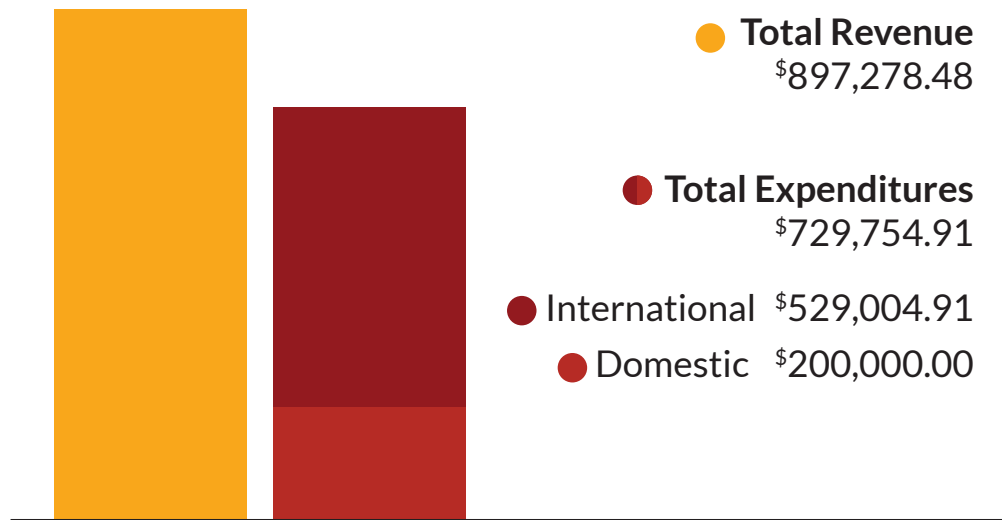

This past year, the foundation relocated its offices to Lewis University in Romeoville, IL, and began sharing administrative support and activities with the Christian Brothers Conference. We welcomed three new board members: Elizabeth Jodice, director of operations, Christian Brothers Conference; Kelly A. LaFlamme, senior consultant, Pear Associates; and Elizabeth A. Tomlin, Esq., general counsel, Archdiocese of for the Military Services, USA. We also formalized our governance relationship with the Christian Brothers in the Lasallian Region of North America. We are thankful for the support of the Brothers, the conference, and all of our friends and supporters.

Top: Kelly Laflamme; Elizabeth Tomlin; Elizabeth Jodice;
